Environmental Policy Statement

Barton Firtop Engineering Company Limited is a privately owned Company which manufactures filters, strainers, coalescers and associated assemblies for fluid processing applications.

The Company will establish and maintain an Environmental Management System that will meet the requirements of ISO 14001:2004.

The Company is committed to actively promote the continuous improvement of its significant internal and external environmental aspects of its operations by monitoring and measuring.

The Company will achieve this by:

- Continuing to meet and where possible exceed current Legislation, Regulations, pertinent Codes of Practices and Customer Environmental requirements.
- The Company will provide necessary resources essential to establish, implement, maintain and improve our ISO 14001 management system.
- Ensure that the Environmental Objectives and Targets set at the Annual Management Review meeting are monitored for continuing improvement.
- Ensure the effectiveness of the Environmental Management System is regularly reviewed and maintained on a minimum annual basis with respect to the overall achievement of Environmental Objectives and Targets.
- Where practicable minimising waste and consumption of resources (raw materials, fuel and energy).
- Reduce or eliminate the production of discharges and emissions to the air.
- Eliminate or minimise as far as practicable the risk of water pollution through its activities.
- Ensuring that Product and Process Design includes full consideration of environmental effects.
- Ensure that the Policy is understood and implemented throughout the company and that employees are aware of their responsibilities to the Environmental Management system and have adequate authority, training and resources discharged to them.
- Promoting and seeking active participation of employees, customers and suppliers to ensure achievement of its Objectives and Targets.

Signed on behalf of **Barton Firtop Engineering Company Limited**

Mr. K. J. Troughton

Managing Director

Date: 4th April 2017
